

CITY OF FORT LAUDERDALE UPDATE

UPDATE ON SEWER MAIN REPAIR ACTIVITIES IN FORT LAUDERDALE

December 28, 10:30 a.m.

Following is an update on sewer main repair activities on a 16-inch line on NE 5 Street in Victoria Park, a 54-inch line on SE 10 Street along the north side of Virginia Young Park in Rio Vista, and a 48-inch line in the Himmarshee Canal in Beverly Heights. In addition, below are updates on ongoing cleanup and remediation efforts in the Hector Park area along Ponce de Leon Drive in Rio Vista.

Operations in Victoria Park

- During the overnight hours, crews removed the damaged section of 16-inch force main and installed a new section of pipe approximately 30 feet in length on NE 5 Street between NE 16 Avenue and NE 17 Avenue in the Victoria Park neighborhood.

- The 16-inch force main is back in service and functioning properly.

- NE 5 Street between NE 16 Avenue and NE 17 Way is open to local traffic only as crews conduct road restoration work.

- Crews from Cliff Berry, Inc. (CBI) will be on site today continuing cleanup activities in the affected area along NE 5th Street.

- Neighbors in the affected area are reminded to avoid contact with any standing water and any area affected by the wastewater spill. If contact is made, please remember to follow proper hygiene procedures. Wash your hands with soap and warm water or an alcohol-based hand sanitizer immediately after contact with wastewater, especially before preparing or eating food. Operations in Virginia Young Park

- The contractor is on site completing repairs to the damaged section of the 54-inch sewer main on SE 10 Street along the north side of Virginia Young Park.

- Crews have a new section of pipe, approximately 45 feet in length, positioned in the ground and work will continue to stabilize it, secure it in place, and connect it to the existing pipe.

- Once fully installed and secured, crews will backfill the pit around the pipe and conduct surface restoration.

- Crews from Cliff Berry, Inc. (CBI) will conduct remediation activities including cleaning and pressure washing streets, sidewalks, and driveways in the affected area.

- Virginia Young Park remains closed while repair activities are taking place.

- Neighbors are reminded that the area in and around Virginia Young Park is an active construction zone.

- For the safety of everyone, access to the construction zone is limited to appropriate operational and management personnel.

Operations in the Himmarshee Canal

- During the overnight hours, divers made adjustments to the valve device around the submerged 48-inch pipe in the Himmarshee Canal and installed a support strap to provide added stability.

-Divers are making preparations to apply special concrete around the apparatus today to permanently secure it in place.

-Three aerators continued to operate at points along the Himmarshee Canal to help improve water quality.

-Neighbors are reminded that the Himmarshee Canal from S. Federal Highway to the New River remains under a precautionary advisory for recreational water-related activities. Swimming, fishing, jet-skiing, paddle-boarding, kayaking, canoeing, or engaging in any water-related activities within the precautionary advisory area should be avoided.

Cleanup and Remediation of Ponce de Leon Drive/Hector Park Area

-CBI will conduct cleanup, pressure washing, and deodorizing activities where needed on Ponce de Leon Drive and in the area around Hector Park.

-Stormwater staff was on site during the overnight hours monitoring the operation of tidal valves, storm drains and catch basins in the affected area.

-Hector Park remains closed to the public.

-Equipment and materials continue to be removed from areas in and around Hector Park as part of the cleanup and demobilization effort.

Environmental Activities

-Crews from CBI will conduct air lancing activities today in the Tarpon River to help break down the organic material that was discharged into the waterway.

-14 aerators will continue to operate 24/7 to help improve water quality in the Tarpon River, New River, and Himmarshee Canal.

-Boats will continue to patrol the canal system in and around Rio Vista and in the Himmarshee Canal conducting skimming and debris removal on the waterways.

Road Closures in Rio Vista

-Roads in the immediate vicinity of Virginia Young Park are closed including a portion of SE 10 Street east of SE 9 Avenue, as well as a portion of South Rio Vista Boulevard east of SE 9 Avenue.

-SE 9 Avenue is closed from south of the intersection at SE 8 Street to Ponce de Leon Drive.

-There is no access east of SE 9 Avenue at the intersections of SE 9 Street, SE 10 Street, South Rio Vista Boulevard, and the north side of Ponce de Leon Drive.

-Local access for residents of the area will be maintained where needed during the duration of the closure.

Safety Tips

-Neighbors in the affected areas are reminded to avoid contact with any standing water.

-If contact is made, please remember to follow proper hygiene procedures. Wash your hands with soap and warm water or an alcohol-based hand sanitizer immediately after contact with wastewater, especially before preparing or eating food.

-Be sure to keep all children and pets away from any area affected by the wastewater spill.

-Keep a container or spray bottle outside residential entryways with a 90/10 solution (90% water to 10% household bleach) to clean shoes and other items that may have come into contact with wastewater.
